**Many** times this natural approach can help reduce **the** need for drugs like Nexium®, Prilosec®, Prevacid®, Protonix®, Aciphex®, Rolaids® or Tums®, without the side effects associated with these and other acid reducing agents.

### **Our Recommendations for Dave's MEGA Probiotic/ Enzyme Use:**

Both the enzymes and the probiotics are natural products which aid the body in digesting food thus avoiding a variety of digestive problems.

**If you are experiencing digestive issues (i.e., indigestion, bloating, heartburn, acid reflux, IBS, GERD),** take 1 -2 tablets three times a day with meals.

**For occasional heartburn** take 1-2 tablets as needed. Chew them slowly to get the maximum benefits.

**For chronic heartburn** take one to two tablets with meals. For break-through discomfort take 1 -2 tablets as needed.

### **Supplement Facts**

#### **1 chewable tablet contains:**

Calories 5

---Protease (5,000 HUT/g)

Stevia Leaf Extract 12mg

**Other Ingredients:** mannitol, vegetable stearate, natural tropical fruit and strawberry flavors, citric acid, silicon dioxide, orange fruit powder.

**If you are taking PPIs (Proton Pump Inhibitors: i.e., Nexium®, Prilosec®, Prevacid®, Protonix®, Aciphex®, etc.) CONSULT YOUR PHYSICIAN BEFORE MAKING ANY CHANGES! YOU MUST WEAN OFF THESE MEDICATIONS SLOWLY TO AVOID REBOUND HEARTBURN OR REFLUX.** Even missing one day of your PPI may precipitously cause severe rebound. I recommend you start taking Dave's MEGA Probiotic/Enzyme chews for a few days before you begin cutting back on your pharmaceuticals. After a few days take the pharmaceutical every other day, then every third day, etc. I recommend two MEGA Chews tablets three times a day with meals. As you are slowly cutting back on your pharmaceuticals you may have to take as many as 10-12 MEGA Chews tablets daily. Since there are no side effects to this natural treatment please don't hesitate to take additional tablets as you need them.

If you have any questions regarding usage, please call us at 405-330-3619.
